Media and Internet Permission Form

There are occasions when children have their photographs taken in school and used for media purposes. On no account will your child(ren)s names be published alongside their photograph.

As part of the Computing Curriculum children have access to Electronic mail and the Internet. In our school we have very tight security controls and the children can only access sites we give permission for them to open.

During the school day children are taken out of school to visit the local area. These visits support the learning that takes place in school.

Please sign below indicating if you agree or disagree to the above. Please bear in mind that your child(ren) are entitled to a full and balanced curriculum.

I _____ agree for my child _____ to:-
(PARENTS NAME) (CHILDS NAME)

Have photographs taken in school and on trips	<input type="checkbox"/>	<input type="checkbox"/>
Use the Electronic mail and Internet in school	<input type="checkbox"/>	<input type="checkbox"/>
Go on local visits	<input type="checkbox"/>	<input type="checkbox"/>
